

Course Title: Graduation Project-II

Course Code: HRM-497

**Program:** BSBA (HRM)

**Department:** Human Resource Management

**College:** College of Business Administration/

Institution: Prince Sattam Bin Abdulaziz University, Al Kharj

Version: 2022

Last Revision Date: 20-3-2023

# **Table of Contents:**

| Content   | Page |
|---|------|
| A. General Information about the course   | 3    |
| <ol> <li>Teaching mode (mark all that apply)</li> <li>Contact Hours (based on the academic semester)</li> </ol> | 3    |
| B. Course Learning Outcomes (CLOs), Teaching Strategies and Assessment Methods                                  | 5    |
| C. Course Content   | 6    |
| D. Student Assessment Activities  | 7    |
| E. Learning Resources and Facilities  | 8    |
| 1. References and Learning Resources  | 8    |
| 2. Required Facilities and Equipment  | 8    |
| F. Assessment of Course Qualit  | 8    |
| G. Specification Approval Data  | 11   |

# A. General information about the course:

| 4. | Distance learning                         |               |            |

#### 2. Contact Hours (based on the academic semester)

| No | Activity          | Contact Hours |
|----|-------------------|---------------|
| 1. | Lectures          | 33            |
| 2. | Laboratory/Studio |               |
| 3. | Field             |               |
| 4. | Tutorial          |               |
| 5. | Others (specify)  |               |
|    | Total             | 33            |

# B. Course Learning Outcomes (CLOs), Teaching Strategies and Assessment Methods

#### **Course Learning** Code of CLOs aligned Assessment Code **Teaching Strategies Outcomes** with program Methods 1.0 Knowledge and understanding Outline the entire research process including: formulating research questions / hypothesis; sampling (probability and non-probability); Orientation, measurement **Project** workshops and (surveys, scaling, writing and 1.1 **Case Studies** qualitative, and final quantitative); presentation research design (descriptive; correlational, experimental and quasiexperimental); data analysis; and, writing the research paper. Define the major theoretical and philosophical Orientation, underpinnings of Project writing workshops and research including: 1.2 and final Case Studies the idea of validity presentation in research; reliability of measures; and ethics. Recognize and Orientation, Project writing record the designed workshops and 1.3 and final to be different from **Case Studies** presentation the many typical

| Code | Course Learning Outcomes   | Code of CLOs aligned with program | Teaching Strategies                           | Assessment<br>Methods                        |
|------|--|-----------------------------------|---|--|
|      | commercially-<br>available research<br>methods texts   |                                   |   |  |
| 2.0  | Skills   |                                   |   |  |
| 2.1  | Explain and compare the design projects in design courses that promote critical thinking and ability to seek solutions.  |                                   | Orientation, workshops and Case Studies       | Project writing and final presentation       |
| 2.2  | Evaluate a capstone senior level propose course to enable students to have an integrated plan experience.  |                                   | Orientation, workshops and Case Studies       | Project writing<br>and final<br>presentation |
| 3.0  | Values, autonomy, and  | responsibility                    |   |  |
| 3.1  | Demonstrate the ethical and professional issues involving values and moral judgments in ways that are sensitive to others and consistent with underlying values and relevant to professional regulations of perform. |                                   | Orientation,<br>workshops and<br>Case Studies | Project writing<br>and final<br>presentation |

#### C. Course Content

| No | List of Topics                      | Contact Hours |
|----|-------------------------------------|---------------|
| 1. | Collecting the Data and Methodology | 6             |

| 2. | Analysis of Data                                     | 8  |
|----|--|----|
| 3. | Results & Finding using Statistical tools or formula | 5  |
| 4. | Discussion   | 4  |
| 5. | Report preparation                                   | 6  |
| 6. | Final Presentation                                   | 4  |
|    | Total  | 33 |

### **D. Students Assessment Activities**

| No  | Assessment Activities * | Assessment<br>timing<br>(in week no) | Percentage of Total Assessment Score |
|-----|-------------------------|--------------------------------------|--------------------------------------|
| 1.  | Methodology             | Once in a semester                   | 10% (flexible)                       |
| 2.  | Results and Findings    | Once in a semester                   | 20% (flexible)                       |
| 3.  | Report Structure        | Once in a semester                   | 20% (flexible)                       |
| .4. | Final Presentation      | Once in a semester                   | 50% (flexible)                       |

<sup>\*</sup>Assessment Activities (i.e., Written test, oral test, oral presentation, group project, essay, etc.)

# E. Learning Resources and Facilities

#### 1. References and Learning Resources

| Essential References     | Any book which is related to Research Methodology/Fundamentals of Statistical/ Software Program such as SPSS.               |
|--------------------------|---|
| Supportive References    | Research Methodology methods and techniques, CR. Kothari,<br>New age International Publisher                                |
| Electronic Materials     | As per the Supervisor instruction and online referred Journals, Periodicals, Magazine and website like JGATE and Wikipedia. |
| Other Learning Materials | Softwares like SPSS, E-views, Mathematic, Math Type and BROWSE data base  |

#### 2. Required Facilities and equipment

| ltems   | Resources   |
|---|---|
| facilities (Classrooms, laboratories, exhibition rooms, simulation rooms, etc.) | <ul><li>Lecture Halls</li><li>Business center for conducting workshop and student presentation.</li></ul> |
| Technology equipment (projector, smart board, software)                         | Computer with internet connection and unique data sets for each student as per the class size             |
| Other equipment (depending on the nature of the specialty)                      | (specify, e.g. if specific laboratory equipment is required, list requirements or attach list)            |

# F. Assessment of Course Quality

| Assessment Areas/Issues   | Assessor                          | Assessment Methods  |
|---------------------------|-----------------------------------|---|
| Effectiveness of teaching | Students Feedback through survey: | At the end of each academic semester, students' feedback is taken. A survey form entitled, Course Evaluation Survey (CES) provided by |

| Assessment Areas/Issues              | Assessor  | Assessment Methods  |
|--------------------------------------|---|---|
|                                      |   | NCAAA is administered by Quality & Development Unit regularly using the Survey Monkey portal. In the CES, Q.No.5 to Q.No.9 reflects the students' opinion on the effectiveness of teaching. Further, students can also provide their feedback on the effectiveness of teaching using the open ended questions given at the end of CES.  |
| Effectiveness of students assessment | # Peer-Observation:<br># Self-Assessment:         | 1. A senior faculty from the college/department nominated by DC visits the class and observes at least 2-3 classes during the entire semester. Peer observer provides his feedback on a template provided by Deanship of Development & Quality viz. class observation form for developing the teaching learning process.  2. At the end of each semester, the course instructor self-reflects his experiences during the semester and prepares the course report, which is discussed at the DC/CC for further improvement |
| Quality of learning resources        | # Conduct of workshop on<br>Teaching Methodology: | Each academic year     Deanship of  |

| Assessment Areas/Issues                     | # Periodical Review of the Teaching Strategies:  | Assessment Methods  Development & Quality conducts various workshops on teaching methodologies and tools and faculty are nominated to attend these workshops  2. The Department council periodically reviews the teaching strategies of individual faculty members mentioned in course specifications and suggest measures for Improvement of Teaching.   |
|---|--|---|
| The extent to which CLOs have been achieved | # In-house check marking of final Assessment Sheets # External Experts Independent verification and opinion: # Maintaining the Course Portfolio: | <ol> <li>Check marking by an independent member of teaching staff of a sample of student work</li> <li>Department randomly select the samples of students' work (Exam answer sheets, home assignments etc.) from the faculty course portfolio and send it to the external evaluators already identified by each department</li> <li>Each semester updating the course portfolio by providing samples of all kind of assessment</li> </ol> |

Assessor (Students, Faculty, Program Leaders, Peer Reviewer, Others (specify)

Assessment Methods (Direct, Indirect)

# **G. Specification Approval Data**

| COUNCIL<br>/COMMITTEE | Supervisor of the department |
|-----------------------|------------------------------|
